

March is the month for St. Patrick's Day, Mardi Gras, deadlines and registration. If you are intending to drop a course(s) or apply for Grade Substitution, pay attention to the deadlines! Not sure? There are "on-demand videos" available through the Office of Undergraduate Education to help guide your decision. March is also the beginning of Phase I registration, so you will need to begin thinking about possible course schedules for Summer and Fall 2021, and even Spring 2022. Please note that Group Advisement sessions are still available for Juniors and Seniors. Please check your email to see the Group Advisement instructions that have been sent out.

Why Take Summer Classes?

- Classes are smaller and over a shorter time period, so it can be a great time to focus on a tough class!
- The Hope and Zell Miller Scholarships can be applied to courses taken over the summer
- Online classes give students the ability to take classes while relaxing at home, working, or traveling
- Tuition is charged per credit hour instead of a flat rate, so it can be a cheaper option for some students to take fewer classes than during a normal semester

Tentative Summer 2021 Course Offerings

Note: Class Modes will remain in place for Summer classes as Spring 2021 (Hybrid, Remote & Residential).
